

# ICal Calendar

## Daily:

### Create New Calendar Entry 1 Tuesday, September 25, 2007

Calendar Text 2 Text

Start Time am/pm End Time am/pm  
---- --:-- ---- --:--

Draw Border  Category ----  
When included in other calendars: Display Event

Popup Text or URL link 3 Popup information

Color Select Default Background Color Default Text Color

Note: For the Popup Text or URL Link field, entries like <http://www.domainname.com> or simply [www.domainname.com](http://www.domainname.com) will create www links on the calendar. Other entered text will cause a popup window link to be created.
